

COMPANY PROFILE

2020 - 2021

OVER 40 YEARS OF EXPERIENCE

 info@sairaj.com

www.sairaj.com

Proudly Made in Kenya

By Divine Grace, Sai Raj Ltd continues to serve the region as a pioneering fibreglass and PVC products manufacturer and fabricator with a team of highly trained professionals that are committed to providing quality products and a wide range of associated products and services.

For over 40 years, we have provided clients with bespoke innovations by maintaining a system that can integrate developments as they occur; these cost and quality advantages are passed onto our valued customers.

We are one of Kenya's leading Fibreglass moulders and Commercial Vehicle body manufacturers and vehicle Conversion specialists, offering the largest, most diverse range of products available in the market today. Our designers work with you during the development of each product to discuss the range of features available to you.

Our products include Fibreglass / Steel Truck and Pick-up Bodies, Vehicle Conversions and Specialty Fabrications, Fleet Conversions, 4x4 accessories and camping gear, uPVC roofing sheets, polycarbonate sheets, PVC ceiling panels, fibreglass tanks, fibreglass furniture and many more quality fibreglass mouldings as per client needs.

Our Vision

To make Sai Raj Ltd the first choice manufacturer and reliable vendor of high quality products, vehicle body work, accessories and preferred allied products.

Our Goal

To be trusted to deliver excellence with quality, service, flexibility and innovation at affordable prices.

Car Flagpole Co.

We are one of Kenya's leading Fibreglass moulders and Commercial Vehicle body manufacturers and vehicle Conversion specialists, offering the largest, most diverse range of products available in the market today. Testament to Sai Raj's build quality, forward thinking approach and trusted support services are our extraordinary customer relationships that span four decades.

By providing a full range of services from design, build, installation and aftersales care we have become a truly onestop shop where our designs and processes are constantly evolving as we discover new cost saving solutions for you.

Sai Raj, under the Cargotuff brand name specializes in the design and manufacturing of insulated and dry freight Fibreglass truck and pick-up bodies, motorcycle carrier boxes and trailers that are relied upon by East Africa's leading businesses, transporters and long distance haulers; to carry everything from frozen ice-cream to day-old chicks, from beef to bread among many other products safely and hygienically, producing complete cold chain solutions.

Cargotuff's market leading success can be attributed to our design innovation and the quality of our products and services. With our extensive experience in our specialist field as well as our in house design capabilities you will have no doubt that you have selected the right partner to "give you the edge" in a competitive market.

We also specialize in building custom bodies and bespoke conversions to suit client needs.

Such conversions and custom builds include:

- Dry goods & Insulated Fibreglass Bodies.
- Ambulances.
- Mobile Vending Trucks.
- Police Vehicles.
- Security Patrol vehicles.
- Cash / Valuables in transit Security Vehicles.
- Mobile Clinics.

Vehicle Conversions and Specialty Vehicles

Trusted Expert in Vehicle Conversions & Specialty Vehicles

AMBULANCE VEHICLE CONVERSION / MOBILE CLINICS

At Sai Raj Limited we produce excellent quality conversions and custom build vehicles for ambulance services and patient transport services.

Being the leader in the Fibreglass industry in Kenya, we worked with vehicle dealers and suppliers in Kenya and abroad to come up with a higher standard of Ambulances, mobile clinics, x-ray vans and a wide range of optional extras.

POLICE / SECURITY / DEFENCE VEHICLE BODIES / CONVERSIONS

The wide and ever more diverse methods of policing in today's society require a similarly responsive fleet to support them. From bespoke security features through to innovation in secure transportation and support vehicles, we've been partnering with police forces, defense forces and security companies across the country and using our expertise to provide robust and versatile vehicle modification solutions.

ROAD SHOW UNITS

Custom built to suit your advertising / promotional needs.

MOBILE BANKING UNITS

MOBILE CATERING UNITS / TRAILERS

Our Mobile catering units / Food trucks / Food Trailers are built after carefully listening to our customers, depending on the preferred choice of use intended by the vendor.

THERMO KING

DRIVING INNOVATION. DELIVERING PERFORMANCE.

Thermo King is committed to being the world leader in transport temperature control. What started as a simple ingenuity in 1938 continues to shape the global industry of transport refrigeration.

The cold chain industry has relied on Thermo King's refrigerated transport products for over 70 years for the freshest delivery of perishables. Our transport temperature control systems are built to go the distance. We make freshness go further, with truck and trailer refrigeration units.

Protects your belongings from "smash & grab" attacks.

Protected by:

As the pioneer of the sprayed-on truck bed liner industry, Rhino Linings Corporation boasts more than 25 years of experience protecting millions of consumer pickup trucks.

DHOLLANDIA

DHOLLANDIA TAIL LIFTS

Founded in 1968, more than 50 years of experience in the tail lift business, DHOLLANDIA tail lifts are constantly being adapted to new vehicle and chassis developments, and specialised customer requirements.

Passenger Lifts

Decoroof uPVC sheet is an all-round durable roofing solution, combining excellent resistance to chemicals, fire and impact. It endures harsh chemical environments where other roofing materials will quickly corrode, making it ideal for roofing, siding and cladding applications in domestic, industry, agriculture and construction. Decoroof is available in a variety of clear and opaque colours and two profiles - box and corrugated. Decoroof can easily be installed in Do-It-Yourself application around the house using ordinary tools.
